Product Use: NA Not recommended for: NA

Section 2: Hazard(s) Identification

 GHS Ratings:
 Skin corrosive
 3
 Reversible adverse effects in dermal tissue, Draize score: >=

 Skin corrosive
 3
 Reversible adverse effects in dermal tissue, Draize score: >=

 Eye corrosive
 2A
 Eye irritant: Subcategory 2A, Reversible in 21 days

 Reproductive toxin
 1B
 Presumed, Based on experimental animals

 Organ toxin single exposure
 3
 Transient target organ effects- Narcotic effects- Respiratory tract irritation

## **GHS Hazards**

| H316 | Causes mild skin irritation              |
|------|--|
| H319 | Causes serious eye irritation            |
| H336 | May cause drowsiness or dizziness        |
| H360 | May damage fertility or the unborn child |

## **GHS Precautions**

|               | -   |
|---------------|---|
| P201          | Obtain special instructions before use    |
| P202          | Do not handle until all safety            |
|               | precautions have been read and            |
|               | understood                                |
| P261          | Avoid breathing                           |
|               | dust/fume/gas/mist/vapors/spray           |
| P264          | Wash face, hands, and any exposed         |
|               | skin thoroughly after handling            |
| P271          | Use only outdoors or in a well-ventilated |
|               | area                                      |
| P280          | Wear protective gloves/protective         |
|               | clothing/eye protection/face protection   |
| P281          | Use personal protective equipment as      |
|               | required                                  |
| P312          | Call a POISON CENTER or                   |
|               | doctor/physician if you feel unwell       |
| P304+P340     | IF INHALED: Remove victim to fresh air    |
|               | and keep at rest in a position            |
|               | comfortable for breathing                 |
| P305+P351+P33 | IF IN EYES: Rinse cautiously with         |
| 8             | water for several minutes. Remove         |
|               | contact lenses if present and easy to     |
|               | do – continue rinsing                     |
| P308+P313     | IF exposed or concerned: Get medical      |
|               | advice/attention                          |
| P332+P313     | If skin irritation occurs: Get medical    |
|               | advice/attention                          |
|               |   |

| P337+P313 | If eye irritation persists get medical<br>advice/attention<br>Store locked up |
|-----------|---|
| P403+P233 | Store in a well ventilated place. Keep  |
|           | container tightly closed  |

## Section 4: First-aid Measures

#### Inhalation

Rescuers should put on appropriate protective gear. Remove from area of exposure. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Keep victim warm. Get immediate medical attention. To prevent aspiration, keep head below knees.

#### Eye Contact

Immediately flush eyes with water. Flush eyes with water for a minimum of 15 minutes, occasionally lifting and lowering upper lids. Get medical attention promptly.

## Skin Contact

Remove contaminated clothing. Wash skin with soap and water. Get medical attention. Wash clothing separately and clean shoes before reuse.

#### Ingestion

If swallowed, do NOT induce vomiting. Give victim a glass of water. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person.

### Extinguishing Media

Use media suitable for the surrounding fires. Specific Hazards Arising from the Chemical None known

#### Special Protective Equipment and Precautions for Firefighters

Special Information: As in any fire, wear self-contained breathing apparatus pressure-demand (MSHA/NIOSH approved or equivalent) and full protective gear.

## Section 6: Accidental Release Measures

#### Spill and Leak Procedures

Vacuum, shovel or sweep up and place in containers for disposal. Avoid contamination of water bodies during cleanup and disposal.

#### Section 7: Handling and Storage

#### Handling Procedures

Use with adequate ventilation. Avoid breathing dusts, mists, and vapors. Do not get in eyes, on skin, or on clothing. Wear eye protection and protective clothing. Wash thoroughly after handling.

STORAGE: Keep away from heat, sparks, and flame. Store containers in a cool, well ventilated place. Keep container

closed when not in use. Protect from direct sunlight.

| Section 8: Exposure Control/Personal Protection |                           |                       |                       |

| Trade Secret<br>N/A                             |                           |                       |                       |

**RESPIRATORY PROTECTION:** A respiratory protection program that meets OSHA 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant the use of a respirator.

SKIN PROTECTION: Wear impervious protective gloves. Wear protective gear as needed - apron, suit, boots .

EYE PROTECTION: Wear safety glasses with side shields (or goggles) and a face shield .

**OTHER PROTECTIVE EQUIPMENT**: Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower.

**HYGENIC PRACTICES:** Do not eat, drink, or smoke in areas where this material is used. Avoid breathing vapors. Remove contaminated clothing and wash before reuse. Wash thoroughly after handling. Wash hands before eating.

### Section 9: Physical and Chemical Properties

| Appearance: White to off-white granular | Odor: Odorless                     |
|---|------------------------------------|
| Vapor Pressure: Unknown                 | Odor threshold: Unknown            |
| Vapor Density: Unknown                  | <b>pH:</b> 6.5 - 7.5 (5% solution) |
| Density: Unknown                        | Melting point: Unknown             |
| Freezing point: Unknown                 | Solubility: Complete               |
| Boiling range: Unknown                  | Flash point: Unknown               |
| Evaporation rate: Unknown               | Flammability: Unknown              |
| Explosive Limits: Unknown               | Specific Gravity Unknown           |
| Autoignition temperature: Unknown       | Decomposition temperature: Unknown |
| Viscosity: Unknown                      | Grams VOC less water: Unknown      |

Section 10: Stability and Reactivity

## Chemical Stability:

## STABLE

Incompatibile Materials

Acids. Reaction with strong reducing agents, such as metal hydrides or alkali metals, will

## **Hazardous Polymerization**

Hazardous polymerization will not occur.

## Section 11: Toxicology Information Mixture Toxicity Component Toxicity

Routes of Entry: Inhalation Ingestion Skin contact Eye contact

Eyes Skin Respiratory System

Effects of Overexposure

**Emergency Overview** 

Little or no hazard to humans and has low acute oral and dermal toxicity.

Acute Health Effects

Occasional mild irritation effects to nose and throat may occur from inhalation of dust .

#### Disclaimer

The information herein is believed to be correct, but does not claim to be all inclusive and should be used only as a guide. Neither the above named supplier nor any of its affiliates or subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards and who have been fully trained in proper safety, laboratory, and chemical handling procedures. Although certain hazards are described herein, we can not guarantee that these are the only hazards which exist. Our SDS are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of the user to request updated SDS for products that are stored for extended periods. Disposal of unused product must be undertaken by qualified personnel who are knowledgeable in all applicable regulations and follow all pertinent safety precautions including the use of appropriate protective equipment (e.g. protective goggles, protective clothing, breathing equipment, face mask, fume hood). For proper handling and disposal, always comply with federal, state and local regulations.
